

Arizona Weekly Enterprise

FLORENCE, SATURDAY, JUN. 17, '82

Arrival and Departure of Mails.

Eastern and California Mail arrives at 11:30 a. m., and closes at 2:30 p. m.
Pinal, Globe and Silver King Mail arrives at 12 m., and closes at 12:15 p. m.

OFFICE HOURS—From 9 a. m. to 1 p. m.; from 1:30 p. m. to 5 p. m., and from 6 p. m. to 7 p. m. Sundays from 11 a. m. to 2 p. m.

Home News.

The superintendent of the Silver King, was here this week.

The services of Corporal Crist were held at the Catholic Church last Sabbath.

We are indebted to Mrs. Henry Scholten for a beautiful bouquet for our sanctuary.

Mr. Wm. Dempsey, the Montezuma merchant, was at this town of life and loveliness this week.

Mr. P. Charolieu, of Tucson, is here looking after the fine ranches, he owns in the valley below Florence.

Mr. T. L. Stiles, one of the brightest of the legal luminaries of Tucson, paid the ENTERPRISE a pleasant visit this week.

Judge Walker came in from the Vekol this morning, and reports progress at the mine with the usual encouraging results.

Mr. and Mrs. Geo. A. Stone came down from Whitlow's ranch Tuesday to attend the Wallace Sisters' entertainment.

Mr. Isaac D. Smith has moved back from the Jessie Benton to his beautiful home below Florence, his fruit crop requiring his attention.

The farmers of the valley are busy harvesting their wheat and barley, and it is the finest crop, both in yield and quality, known here for years.

Mr. William Bley, of Pinal, paid us a pleasant call last Saturday. He was on his way home from Butte, having completed his work at that place.

This has been a gala week for our Spanish population. Between weddings and celebrations of saints' days they have been kept busy with festivities during the entire week.

Mr. Geo. Meek, a type well known on the Pacific coast is now "holding camp" on the ENTERPRISE. He is one of the best and most reliable printers west of the Rockies.

The Wallace sisters gave an entertainment at Casa Grande Wednesday night and the performance was followed by a dance. Our railroad neighbor is coming to the front rapidly.

Mr. Aaron Mason left for San Francisco this week, and will not return for some weeks. We consign him to the tender care of B. G. and Dan O'Connell, of the Stock Exchange.

Col. J. W. Gaines, of Silver King came down to the county seat this week. He has been slightly indisposed and came down to get the benefit of the curative qualities of our valley climate.

Mrs. W. L. Bailey, accompanied Mr. and Mrs. Stone on their return to Whitlow's ranch Wednesday. The journey will do her good. She needs a respite from the cares and worry that fall to her lot at the hotel.

Mrs. Drew accompanied by her daughter, left Globe the present week for southwestern Arizona, to join her husband who is engaged in mining near Casa Grande. Their friends in Globe will miss them.—Globe Silver Belt.

Mr. W. L. Bailey, and Mr. Chas. Rapp, who bought the Stiles cattle have divided the herd equally between them, and Luu has driven his portion, 98 head, up to the Whitlow ranch and Charlie will drive his portion out to his Dripping Springs ranch.

Mr. Charles Beckwith has gone up to the South Pioneer to superintend the work of placing the new steam hoisting works and other machinery in position. There is probably no man in the county better qualified to do that work than is Charlie.

The report that Indians had killed a lot of Rapp and Blair's cattle was false. The cattle stampeded but have been found. The cause of the stampede is not known. Cattle are singular in this respect; they will stampede sometimes without any perceptible cause of alarm.

Mrs. Charles G. Mason and her little son Johnnie accompanied Mr. Aaron Mason to California this week. Johnnie had been in ill health for some months past, and Mr. Mason took him to the Golden State in the hope that its genial climate might restore him to good health.

The King of Stone, Superintendent of the King Co. L. paid Florence a visit this week. Mr. Stone is a splendid mill man, and his management has been both successful and popular. He is highly esteemed by the men who have held positions under him.

Mrs. C. D. Henry and her son Charlie came down from Mineral Hill Tuesday and attended the Wallace Sisters' entertainment. Mrs. E. C. Laneau went home with them Wednesday, and will spend a week at the Cottonwoods to get the benefit of needed quiet and rest.

Mr. John T. Bartleson has again placed us under obligations for a choice bouquet, a lot of luscious apricots and a bountiful supply of ripening ears and fresh vegetables. We shall be under the necessity of entering the ranks of the beneficiaries in order to utilize such gifts.

Sheriff Gabriel has completed his assessment work, and it shows a large gain in property value. Last year the assessment roll contained only 462 lists, including mortgages, and this year it contains 505 lists without the mortgages. The increase in property lists is nearly one hundred. Pinal county is keeping up her march of progress with flattering rapidity, and continues to hold her position as the best county in the Territory.

W. H. Sutherland has the contract for carrying the mail between this place and Camp Thomas, where the line connects with the Wilcox company. Service commences July 1st. The route will be stocked with commodious coaches and good horses.—Globe Silver Belt.

Mr. William E. Guild has been appointed agent at Florence for the Hartford Fire Insurance Company, one of the oldest and most reliable organizations of the kind in the United States. When you want a policy present yourself at the Postoffice and examine the history of the Hartford.

Mr. Chas. G. Johnson an attorney at law, has located in Florence and will practice his profession here. He came hither from Los Angeles, but was formerly a resident of this Territory and is well acquainted with the old timers about Tucson, Prescott and Yuma. We welcome him as a citizen of our town.

Mr. Fred Adams has completed his work at Butte and returned to Florence to pitch his tent permanently. Fred superintended the erection of the Pinal Consolidated smelter, sampling mill, tramway, company buildings, etc., and the excellence of the work has attracted general attention and given Fred the reputation of a master mechanic.

Superintendent Donnelly and Director Hart, of the Pinal Consolidated, were in town this week. Mr. Born, the company's smelter, has resigned and gone home and Mr. Donnelly will give his personal attention to the smelting till a new smelter can be secured. The latter is one of the best smelters on the coast, and there can be no such thing as failure under his management.

A trio of musicians from the honorable and ancient pueblo arrived here yesterday, and as a consequence the boys have decided to give a dance at the Courthouse hall this evening. They request the presence of all who favor indulgence in the pleasing and exhilarating exercise of the dance. In the language of the British fungus, yelpet Wilde, the music will be exquisitely exquisite.

The second crop of alfalfa is ready for the harvester. Think of it, ye farmers of the East. It is only June 17th, and the second crop of hay is ready to be mown here, while you are not through with spring planting yet. Desert your snow fields and come to this summer sun land, where you can raise three crops a year with half the labor you spend in raising one in the cold and cheerless north.

Messrs. Sherman, Clay & Co., music dealers of San Francisco, have favored us with a copy of one of their new publications, entitled "There may be Epos as Brightly Beaming." It is a simple but charming little love song, written in the key of E flat. If there are any sentimental lads hereabouts who have been struck by Cupid's lightning we would recommend this song to them. It is just the thing to serenade their muck-a-mucks with.

In response to the letters asking relief for the San Pedro settlers last week, Sheriff Gabriel started out with a posse of Pinal police from the Sacaton Agency, but before reaching the San Pedro ascertained that the reported presence of hostiles in that vicinity was a mistake, and he returned. The excitement originated principally from the killing of a red vagabond by Mrs. Watson, accidentally. The killing was justified by Eskim-in-zin, to whose band the Indian belonged.

Messrs. Walker and Brady measured the tunnels and drifts in their famous Vekol mine last Saturday, and found they had a total length of one thousand feet. From this they were shipped and sold nearly \$30,000 worth of ore, making a little over \$35 per foot, including the dead work done in air shafts and tunnels. Besides the ore sold they have about 800 tons of second grade ore on the dump, most of which will average \$100. This is the kind of mining properties Pinal county can show up.

The Wallace Sisters played to a good house at the Courthouse hall Tuesday evening, but contrary to their advertisement repeated the drama of Dora and the force of Paddy Miles' Boy. They had advertised two new comedies, with songs and dances, and the audience was disappointed when the curtain rose on Paddy Miles' Boy. Troupes do not gain anything by deceiving people thus. The dance that followed the entertainment pleased the audience in good humor, however, and stopped complaint. The latter lasted till two o'clock, and was thoroughly enjoyable.

The number of school children in the Florence district, according to the census just completed, is 415. They should have the benefit of a graded school. With such an institution they could be taught for less money than is expended under our present system, and be more rapidly advanced. Outside of these considerations, the number of advanced pupils here who cannot be taught in our primary schools demand the establishment of a graded school, with a principal competent to instruct in the higher branches. School patrons should interest themselves in this matter and see that something is done toward accomplishing this desired object before the beginning of the fall term. Good schools are the greatest attraction a community can offer to home seekers.

Mr. John T. Bates, of San Pedro, was a visitor at this news depot this week, and gave us some additional information concerning the shooting of that Indian at Dudleyville. The shooting was purely accidental, as was first reported, and Mr. Wm. Harrington, a brother of Mrs. Watson, succeeded in satisfying the Indians of the fact. After having convinced the Indians that the shooting was accidental, Mr. Harrington pacified the brother of the dead warrior by paying him \$40, and everything is now quiet. However, there is danger of trouble in the event of the reports that the shooting was deliberate reaching the ears of the Indians, and the settlers are anxious that the false accounts of the killing should be contradicted.

We hope the Silver King company will make a display of their matchless ore at the Denver Exposition. No Silver mine yet discovered could make such a display as could the King. The variety, richness, and showiness of its ore would make all other exhibits pale into insignificance beside it. It would catch the eye of every visitor at the Exposition and interest them in Pinal county. By making this display the King company would not only advance their own interests directly but would render Pinal county a valuable service.

Mr. W. H. Sutherland has sold all the stock, stages, station buildings and stables belonging to the Arizona stage company, on the line between Casa Grande, Florence, Pinal, Silver King and Globe, to Mr. Griffith, the veteran stage man. The line will not be turned over till about the 5th of next month. Mr. Sutherland will invest his money in cattle and remain a resident of the smallest but best county in the Territory, viz. Pinal. He has been deservedly successful in the stage business and still owns about 250 miles of stage line which he will probably dispose of.

The Lewis house was re-opened Monday, after having undergone a thorough and complete remodeling and refitting. The dining room is a regular picture gallery, the walls being fitted up with pictures of every variety. On either side of the room is a fine mirror about 3x4 feet in size, and the floor has been covered with handsome matting. The office and bar room has been provided with new furniture and fixtures. The yard with its shade trees, flowers and collection of Arizona animals and birds is inviting, and gives the place a home-like appearance. Charlie knows how to handle a hotel and will make a success of it.

The prettiest town in the Territory should not permit the Fourth to pass without giving the American eagle a chance to air his gay plumage and indulge in his annual strut. Let's have a celebration of some kind, minus the accustomed bombastic and soul-torturing oration. The latter practice has become so antiquated as to amount almost to a barbarism. Suppose we have a picnic "down by the margin of the river," with music, dancing and piscatorial amusements, and conclude the day's entertainment with a pyrotechnic display in front of the Courthouse in the evening. This suggestion is simply thrown out as a feeler; let's hear from the people on the subject.

The Harby Cusa, located in Casa Grande district, was sold, this week, by J. L. Court to Mr. J. W. Wilkinson, of Mendocino, Pa. We congratulate Mr. Wilkinson upon having secured one of the finest properties in that rich and flourishing district. Some of the ore at the present depth assays as high as \$1,500 and it will probably increase in value as it goes down. If more eastern mining capitalists would come hither, and make personal examination of properties, as did this gentleman, this county would soon have a mining boom equal to that of Leadville. Not one of the men who have come here to see for themselves, have failed to purchase. Only those who have taken their information at second hand, have passed us by. Our properties speak for themselves.

Superintendent Helling, of the South Pioneer, went to San Francisco this week, to purchase the machinery for a five-stamp mill to be erected at the mine just as soon as it can be delivered there. Although they intend to put up only five stamps, they will put in three pans and two settlers thus giving the mill the capacity of an ordinary ten-stamp mill. Their ore is so easily crushed that five stamps can keep three pans going. The general manager, Maj. Baldwin, is also in San Francisco assisting in selecting and purchasing the machinery. The company have a sufficient amount of high grade ore out and in sight, to fully warrant them in erecting a mill. The Pioneer proper, recently purchased from Mr. Scott, by the company, for a consideration of \$50,000 is making a wonderful showing.

Lost Sabbath, while Jose Araujo was flourishing a six-shooter in his house at Casa Grande, it was accidentally discharged and the bullet killed his nephew and wounded a woman in the calf of the leg. The unfortunate boy was a son of Feliciano Araujo of this place and the remains were brought hither for interment Monday. He was only nine years old and was a promising lad. Jose was intoxicated at the time of the shooting and had gone into the house after his revolver with the intention of shooting some teamsters who had tied him to a wagon in a spirit of fun. The boy had untied him and accompanied him into the house. The woman's wound is painful, but not necessarily dangerous. An inquest was held over the corpse of the boy and the jury returned a verdict of death by accidental shooting.

The Silver Queen mine, of the San Pedro district continues to increase in value as depth is attained. Since the Ferre Mining Company bought the property it has been shafted and drifted to the extent of about 300 feet, with the most encouraging results. At the bottom of the new shaft, which is down about one hundred feet, a drift has been run southeast a distance of one hundred feet to the old shaft on the ledge. In this drift a vein has been sunk on the ledge to a depth of twenty-five feet, and in showing a ray streak of unusual width. Several crosscuts have been made in this drift, and they all show ore. There is from 150 to 200 tons of first class ore on the dump. The Queen is developing into a grand property, and we have implicit faith in its future. Mr. F. W. Peabody, the superintendent, is planning and executing the development work with an intelligence indicative of a skillful miner. The company displayed good judgment in placing him in charge of the work. Aside from his ability as a miner, he is a fine man socially, and makes it agreeable for visitors at the mine. He is now erecting a neat little dwelling house at the mine, and will soon be comfortably situated.

Thos F. Weedin, formerly of this paper has now become sole proprietor and editor of the Florence (Arizona) ENTERPRISE. We congratulate "Tom" upon his good fortune, which is the result of sober industry and pluck that are bound to succeed anywhere.—Fremont (Neb.) Herald.

The Denver Exposition.

On Saturday evening last a large meeting of citizens of Pinal and vicinity was held at Suter's Hall in compliance with the Governor's request, for the purpose of selecting a delegate to represent Pinal county at the forthcoming exposition at Denver, Colorado.

Dr. Adams was called to the chair and Horace Baker appointed Secretary.

Upon motion that the meeting go into the election of a delegate, Philip A. Brown, of Pinal, was nominated and elected by a unanimous vote.

Upon motion to provide funds for expenses, the meeting unanimously agreed that each claim represented should be taxed \$15, and in cases where persons own more than one and want their represented such persons should be taxed \$7 50 for the second, and for all after that \$5 each.

Upon motion, it was requested that all parties wishing to have their claims represented should lose no time in notifying Mr. Philip A. Brown.

Horace Baker, Secretary
Probate Court, Pinal Co.—G. L. Written, Judge.

May 13.—Estate of H. H. Hurley, deceased, order authorizing executor to sell all the personal property of said estate and the partnership property and interest that the said deceased had (being an undivided one-third) in the late firm of Hall & Hurley at Pinal, Pinal county, A. T.

Notice of Guardian's Sale of Real Estate.

Notice is hereby given that in pursuance of an order of the Probate Court of the county of Pinal, Territory of Arizona, made on the 17th day of April, A. D. 1882, in the matter of the estate and guardianship of Peter Shafteff, an insane person, the undersigned, guardian of the estate of said ward, will sell at private sale, to the highest bidder for cash in lawful money of the United States of America, and subject to confirmation by said Probate Court, on or after Saturday, the 1st day of July, A. D. 1882, all the right, title, interest and estate of said Peter Shafteff in and to all those certain mines, mining claims and interests in mining locations, bounded and described as follows, to-wit:

An undivided one-half interest in that certain mine situated in the Halstead Mining District at Mineral Hill, Pinal county, A. T., about one mile south of 7 cottonwoods, located March 27, 1880, and recorded March 29, 1880, Book 4, page 104, Mining Records of Pinal county, known as the Grand Prize; an undivided one-half interest in the Boston mine, at or near Mineral Hill, Halstead Mining District, Pinal county, A. T., located April 12, 1880, recorded April 12, 1880, in Book 4, page 246, Mining Records of Pinal county; an undivided one-half interest in the Maggie May mine, situated same as above, located April 12, 1880, recorded June 8, 1880, in Book 4, page 246, Mining Records of Pinal county; an undivided one-half interest in the Sucker mine, situated same as above, located January 22, 1880, recorded March 5, 1880, in Book 4, page 49, Mining Records of Pinal county; an undivided one-quarter interest in the Montana mine, Halstead District, Pinal county, A. T., located March 4, 1880, recorded March 27, 1880, in Book 4, page 104, Pinal County Mining Records; an undivided one-half interest in the Lolo mine, located April 12, 1880, recorded June 8, 1880, Book 4, page 241, Mining Records of Pinal county, Halstead district, county and Territory aforesaid; also an undivided one-half interest in the Mamey mine, same district; an undivided one-quarter interest in the Potosi mine, situated same as above.

Terms and conditions of sale: Cash in lawful money of the United States of America; deeds at expense of purchaser. Bids or offers for all or any part of said property may be made at any time after the first publication of this notice and before the making of the sale. All bids or offers must be in writing and left at the office of H. B. Summers, attorney-at-law, at Florence, in said county and Territory, or delivered to the undersigned personally.
